
ATRx Biometric 1000

Powered by ATRx Biometric Enabled Software

Prevent “buddy punching”, all with the added security that comes with hand biometrics. The ATRx Biometric 1000 verifies the geometry of the hand; employees simply punch in and out by entering a PIN number and placing their hand on the verifying pad. No need to worry about the time cards or badges. This time and attendance system offers numerous report options for exporting to your payroll provider. Ideally suited for business with up to 50 employees who want to automate their time and attendance process.

Powered by Attendance Rx biometric software, offering software reports for regular hours, two levels of overtime, vacation, sick/personal hours, holidays, and other categories. Supervisors can print Time Card reports, Hours Summary, and Who’s In reports. Will accommodate future upgrades. Can handle any pay period, and up to 12 shifts with two levels of overtime.

ATRx Biometric 1000 includes the HandPunch, PC interface software for Windows, Attendance Rx biometric software and 50 ft. of interface cable. PC interface allows you to edit employee punches, view reports at your monitor, export data to 3r party payroll programs, and save data to text file. Administrator can have an In/Out Board for quick view of who is in. Designed to work with QuickBooks 2004. As well as other third party payroll providers.

Features

- Employees simply punch in and out by entering a pin number and placing their hand on the verifying pad
- Hand verification and employee tracking, all with the added security of biometric technology
- Biometric technology eliminates costly buddy punching and provides indisputable records of employee’s attendance
- ATRx Biometric enabled software offers a wide range of management reports and eliminates the need for handwritten records.
- No need for time cards or badges, your hand is your card.
- Terminal captures a three-dimensional image of the hand each time the employee punches. Green and red light indicates the punch status.
